# K & W ELECTRIC, INC.

**JOHNSON COUNTY MEGA**  
**(371) - 1380 / 180**  
**CORALVILLE, IA**

**Commercial: Industrial & Public Works/  
Environmental | (\$2 Million - \$5 Million)**

## **TYPE OF CONSTRUCTION**

K & W Electric, Inc. provided lighting and signage to Interstate 380 and Interstate 80 for the Iowa Department of Transportation in Johnson County. These interstates are traveled by over 46,000 vehicles each day and the area consisted of a two-mile stretch.

## **BUILDING FEATURES**

The roads in Eastern Iowa are safer, through improved lighting and directional signage provided and installed by the team at K & W Electric. They provided and installed: five light towers, ranging from 120 feet to 150 feet in height, ten 50-foot light poles, 20,000 feet of conduit and over 67,000 feet of wire, four sign cantilevers, two 95-foot sign trusses, 120 total signs, fiber conduit and fiber, built and installed nine control cabinets and installed one dynamic message sign.
